The Presidential Preference Election (PPE) was held on February 22, 2000. Two parties participated in the PPE, the Libertarian Party and the Republican Party. Results were released on the Internet for this election.

The Office released statewide election results on the Internet for the fall elections as they were received from the counties. Fourteen of the 15 counties transmitted their results electronically to the Secretary of State's Office for the General Election. Vote totals for all races and issues follow.

Besides electing candidates, Arizona voters made decisions on proposed constitutional amendments and statutory initiatives and referendums. Each citizens measure had to have a minimum number of required signatures to be placed on the November ballot. The Secretary of State's Office followed statutory procedures to determine whether each measure qualified for the ballot and wrote the descriptive title and effect of a yes or no vote for the ballot.

Fourteen ballot measures appeared on the November 2000 General Election Ballot:

Proposition 100 - proposed amendment to the constitution by the legislature relating to state trust lands and conservation

Voter Outreach

The Secretary of State established a pilot voter outreach program to involve the community in voter registration. Based on the success of this pilot program, the Secretary of State obtained approval of the Legislature to establish a permanent position for a Voter Outreach Director.

To make registering to vote as easy as possible, the Secretary of State established a toll free Voter Registration Hot Line, 1-877-THE VOTE, and a way to request a voter registration form on the Secretary of State's Web site, www.sosaz.com.

Outreach projects include the 18th Birthday Card created in partnership with Rock the Vote and Valley Youth Leadership. The card includes a voter registration form and is sent to young people who would turn 18 in time for the fall elections. Posters encouraging voter registration are printed and distributed to voter registration sites at the offices of the Motor Vehicle Division and Department of Economic Security and to community groups.

On the two Voter Registration deadlines, 29 days before each of the fall elections, the office established and publicized drive-by voter registration locations to accept last minute voter registration applications. On both evenings, people

stopped to fill out registration forms right up until the stroke of midnight.

During FY 2000, 7,585 voter registration forms were mailed out based on requests received through the Internet request option available on the Secretary of State's Web Site.

Voter registration forms were printed by and made available from the Secretary of State's Office for the first time beginning in April 2000.

In the fourth quarter of FY 2000, 2,572 voter registration forms were mailed back to the Secretary of State and forwarded to county recorders. (Prior to this, the Office obtained forms from county recorders. The forms would be returned directly to county recorders' offices, eliminating the Secretary of State's opportunity to quantify rate of returns).

An average of 3,600 Rock the Vote Birthday Cards were sent monthly to 18 year olds throughout the state (Approximately 43,200 cards total in FY 2000) along with voter registration forms and instructions. These cards utilized county-specific voter registration forms; therefore, the rate of returned forms cannot be determined accurately.

Citizens Clean Elections Act

Passage of this Act by the voters at the 1998 General Election mandated many new responsibilities for the Secretary of State's Office.

The Election Services Division mailed notices regarding the new \$100 lobbyist fees to registered lobbyists. The Office collected \$20,300 for deposit to the Clean Elections Fund during FY '00.

The Clean Elections Act also requires the Secretary of State to develop and distribute software for the reporting of regular campaign finance reports and special reports based upon expenditures made and contributions received by

certain candidates. This software was developed by the Office and distributed free of charge upon request and upon the signing of a user agreement developed by the Office. Users are assigned PIN numbers to enable them to file the required reports electronically on diskette or via the Internet.

The Election Services Division also developed new forms and procedures for reporting the names of registered voters who donate \$5 qualifying contributions to candidates and for checking a random sample of those contributors as required by the Act.

Publicity Pamphlet Legislation

In the First Regular Session of the 44th Legislature, legislation was enacted to require the Secretary of State to mail the ballot measures publicity pamphlet to every household with a registered voter. The publicity pamphlet will now also contain the Commission on Judicial Performance Review evaluations of judges appearing on the ballot for a vote on their retention and a summary of the fiscal impact statement prepared by the Joint Legislative Budget Committee regarding each initiative measure which appears on the ballot.

In late September, 2000 -- 1.6 Million Publicity Pamphlets were mailed to households with a registered voter all around the state.

The Publicity Pamphlet was published in an 8 1/2 by 11 inch format in English (207 pages), Spanish (231 pages) and large print (515 pages). It was also translated into the Navajo language on audiotapes which were distributed by Navajo outreach workers in Coconino, Apache and Navajo counties.
